- During the period between 2005-2007 FRRR Loan Found was increased by amount of 5.600.000 zł (1,5 milion EURO) as a result of program which was run by FRRR and which was financed by EU and Polish Government (SOP-ICE 1.2.1.)
- Last UE financial perspective gave us possibility to increase our Loan Found by amount of 29.614.752 zł (6,5 milion EURO)

Capitalization (in PLN) of FRRR Loan Found in period 1998 – 2011

Free of charge consultations for SME

Consulting Points (the places where SME can get free of charge consultations) have a function as a first contact institution for SME. The goal is to support development of SME in region through-out giving them complex information service, connected with running business, business management and in sphere of accessibility of support tools for SME.

Range of information service CP

1. law, marketing, finance, taxes, e.t.c.
2. Available supporting programs and the conditions required to apply for,
3. Available on the market offers of external financing,
4. Possibilities and conditions in which the representative could get more complicated and payable or partly payable services in the net of NSS members or the others institutions.
5. Suitable program as a financial source of planned enterprise.
6. The rules of application for financial support (e.g verification of application forms).

Summary of CP (2009-2015)

- We've provided **5 253** information services.
- We've provided **86** advisory services.
- In this project **4 959** clients get informations.
- We've opened **6** FRRR Consultings Points.

Trainings

To make our statutally activity we have run free or partly
payed trainings as an aim of programs:
